TO: SSW
RE: VOSHA Inspection
4/14/09

On behalf of the University of Vermont I would like to express my extreme pleasure with the result of the unannounced VOSHA inspection conducted on the Jeffords Hall jobsite on 04/08/09. Your staff did an excellent job representing themselves, your company and the University of Vermont during this inspection. The results of the inspection were not determined on this day alone. It should be known that your field staff works diligently and expresses a high level of concern for jobsite safety and the workers wellbeing. This work ethic and attitude toward safety does pay off.

Your team has accomplished something very important and it deserves to be recognized. To have an unannounced VOSHA inspection end with a statement from enforcement officer that "the site was a A++ " is something to be proud of. Please keep up the good work and high level of diligence because SAFETY IS AND NEEDS TO BE THE FIRST PRIORITY.

Thank you

Michael Stevens
